Coming Together - A Joyful Song - February 2012

Personal Boundaries

A Word on Personal Boundaries

CMA is a spiritual event where like-minded individuals come together to share their spirituality, our beautiful land and our fellow members. There are 2 hard and fast rules that require elaboration:

- 1. Respect personal boundaries.*
- 2. Take responsibility for your own experience.*

These are expected protocol. In any situation while here, NO means NO!

Regardless of what has happened prior to that moment, NO means everything stops right there. It also means cajoling, pleading, or any form of emotional blackmail after that word is UNACCEPTABLE! YOU are responsible for your experience. YOU are in charge of your boundaries.

Spiritual Aspects of BDSM - BDSM is often misunderstood in our culture. Many people think it is about pain. This workshop will dispel the pain myth and demonstrate the use of intense sensations to achieve higher states of consciousness. This workshop will provide information and techniques about spiritual ecstasy, healing through role-play, and achieving trance vision during a scene. We will cover how to negotiate a scene, what a scene is, and how to play safely. - by Gigi

Cabaret

Come to the Cabaret old chum, life is a Cabaret!

A Cabaret style performance will feature both girls and boys dressed up in garters, fishnets, 20's style outfits, and other sexy attire. We will be playing music from the movie Cabaret soundtrack.

Seeking performers who want to be sexy, provocative, and just a little sleazy. Here is the opportunity to wiggle your stuff and perform a lap dance. Gyrate to the music from the soundtrack of the movie Cabaret. Pump it up and raise tips for Aphrodite's Temple. Bring outfits that are 20's style and/or other sexy attire. If you have other burlesque music that you want to dance to, bring it on a cd and we will play it for your performance.

For those who like to be aroused by an awesomely sexy lap dance, bring money to tip the performers. Ladies and Gents will both have opportunities for tipping a dancer. Stuff the bills in places that make the dancers sizzle with desire. Creative tippers are a plus. Where can you slip a bill on a dancer using only your mouth? Please BYOB if you want beverages during the Cabaret performance. - by Gigi
